Important Information

All interest rates quoted are annual percentage rates with interest calculated daily and charged monthly and are subject to change. Interest rate margins may apply for non-personal borrower types (including, but not limited to, companies and trusts). Full interest rate details are available on application. MyState Bank does not in any way guarantee that it will accept an application or apply any rate that appears in this publication. Loan applications are subject to MyState Bank's normal Credit Approval Criteria and may also require approval of a Lenders Mortgage Insurer. Terms and conditions, fees and charges apply.

[^]Comparison rate is calculated on a loan amount of \$150,000 for a term of 25 years based on monthly repayments. For variable rate interest only loans, a 1 year interest only period has been used in the calculation. For fixed rate interest only loans, the interest only period aligns with the fixed term. These comparison rates are applicable only to, and are calculated on, the basis that the loan is secured.

[#]Comparison rate is calculated on a loan amount of \$10,000 for a term of 3 years based on monthly repayments. These comparison rates are applicable only to, and are calculated on, the basis that the loan is unsecured.

^{##}Comparison rate is calculated on a loan amount of \$30,000 for a term of 5 years based on monthly repayments. These comparison rates are applicable only to, and are calculated on, the basis that the loan is secured.

Warning: This comparison rate applies only to the example or examples given. Different amounts and terms will result in different comparison rates. Costs such as redraw fees or early repayment fees, and cost savings such as fee waivers, are not included in the comparison rate but may influence the cost of the loan.
